

SPECIFICATION SHEET

Y-Tech Pro Tower Harness

PRODUCT CODE:

YTECH-PRO

DESCRIPTION:

Our premium lightweight full body quick release tower harness. The YTECHPRO features our YTECH design which reduces pressure on the upper torso enabling unrestricted upper body movement. The nonconductive dorsal webbing attachment loop, and neoprene sheaths over the lower sternal adjustment buckles provide glove and barrier protection from the waist up for use in high voltage electrical applications. The lateral O-rings allow the user full control over their positioning while using a work positioning strap. The position of the lateral O-rings, padded waist belt and adjustable padded support seat ensures superior comfort to the user when restrained over long periods of time. Other features include high strength, aluminium quick release buckles on the waist and legs.

SIZING:

Range of sizes to fit from Small up to 5XL

STANDARD:

AS/NZS 1891.1:2007
